High School Renovations

33% of Bond*

Our high school facilities require updates to better serve students and the broader school community. These improvements are aimed at cultivating a creative, engaging and efficient environment for our entire school community. Key projects at the high school include:

An overhaul of the existing auditorium

- A renovation including performance spaces, technical improvements, and updates to classroom spaces to support student performance, creativity and community events

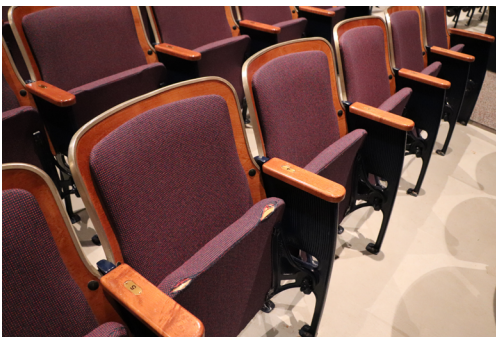

Updates to HVAC systems

- Build on the progress of the 2017 bond by completing HVAC system updates to create improved student environments and modernized facilities

Updates to student spaces

- Renovations to improve and modernize student environments to support learning and growth
