

2025 PRIORITY NEEDS BOND PROPOSAL

ZERO-TAX-RATE INCREASE
FROM EXISTING MILLAGE RATE

Vote Tuesday, November 4

Extensive Middle School Renovations

51% of Bond*

As our middle school building continues to age, it presents growing challenges for both students and staff. If approved, the 2025 bond proposal would enable us to make priority upgrades to directly impact learning and safety. Together, these improvements would create a more functional, welcoming and efficient environment for our entire school community. Key projects at the middle school include:

Major renovations to student spaces

- Updates to classrooms and shared learning spaces to support collaboration, creativity and flexible instruction
- Improved use and re-purposing of current common spaces to enhance student environments and support learning

Upgrades to HVAC & plumbing needs

- Build on the progress of the 2017 bond by completing upgrades to HVAC and plumbing systems to create improved student environments and modernized facilities

Improved public access & traffic flow

- Update driveways and parking areas to improve traffic flow, safety and efficiency for buses and families

Examples of spaces that need attention

*Approximate bond dollar allocations per the School Bond Committee recommendation to the Board of Education

*Paid for by Mason Public Schools
201 W. Ash Street, Suite 2A, Mason, MI 48854*
