

Fall 2020

Mason Aquatic Center is pleased to let you know we will be welcoming guests back for Lap Swim and Water Fitness! At this time we have not scheduled any open swim times, private parties, or lessons. While we are constantly looking at new health information each day based on CDC recommendations, our school district, and the governors direction, we are hopefully looking at adding swim lessons for the winter and possibly open swim if we can meet all guidelines safely.

PLEASE READ ALL THE INFORMATION BEFORE ARRIVING AT THE POOL!

At this time we will only be taking reservations. You may go online to reserve a spot at <https://mason.revtrak.net>

I will NOT be taking reservations over the phone unless you do not have computer access. BE AWARE! If your name is not on the list to enter for that day, you will be turned away so please do not leave messages on my phone to reserve a spot, phone registrations can only be made if office staff is available so I highly encourage you to try online first.

Registration for appointments will start on Oct. 16th, 2020, you must make an appointment the day prior to the day you wish to swim. You will not be allowed to sign up for a week at a time. We have very few slots and would like to give everyone a chance of swimming during open times. Online registration begins at 9:00 am and ends at midnight, we cannot accept same day appointments or allow for drop-ins. You may only have one appointment per a day.

1. Upon arrival patrons must have a brief health screening along with a touchless temperature which will be outside the family locker room doors. Only 3 people will be allowed into the family locker room at one time.
2. There are no showers available, the family locker room will be available for changing your clothes but no use of showers. Highly recommended you come in your swimsuit.
3. The showers on deck may be used as long as you are wearing a swimsuit.
4. Remember to pre register before coming, if you are not on the list you will not be allowed to enter.
5. We will have 8 lanes open for swimmers and the 2 shallow end lanes will be reserved for walkers. **ONLY 2 PEOPLE PER A LANE!**
6. Social Distancing will be strictly enforced. You must wear a mask until the time you enter the pool so any dry land area you will be required to wear a mask!

7. Social distance a minimum of at least 6 feet while on dryland.
8. We will have extra precautions in the bathrooms and any other high touch areas. If you would like to bring your swim bag on deck you will be given a colored disk. This will help others know they must be 6 feet apart and we ask that you keep the disk where your swim bag was when you leave so we may sanitize the area properly.
9. NO USE OF POOL EQUIPMENT such as kick boards, floatation devices, pull buoys, etc. You may bring your own to the pool and we ask that you take it home with you each time you swim.
10. A mask must be worn into the building.
11. **Must bring the correct change**, we will not be making change! You may purchase a punch card online for a small fee or buy at the door with the correct change or check.

It is a pleasure to have you back with us and we understand if you wish to wait until some restrictions might be lifted. At this time the rules outlined must be followed in order to use the Aquatic Center. We want to keep you, our students, and all of us healthy! Thank you for your understanding, we missed you!

Mary Kay Gavitt
