I would like to be in a heat for swimming that is:

FAST MEDIUM STEADY PACED

Email cantrellc@masonk12.net with questions

Registration & transition opens 7 am

7:30 pool opens for warm up

STARTS waves: 8 am for the OPEN adults and students

9:15 am Registration for Kids of all ages begins.

Times are estimations and may be adjusted slightly based on entries

10 am for the 13-14 year olds

10:30 for the 11-12 year olds

11:00 for the 9-10 year olds

11:30 for the 7-8 year olds

11:50 for the 6 & under

12:30 awards or sooner if times are calculated

All racers and parents must sign a waiver at check in and wear a helmet during the bike portion. (Optional on the run)

Kids can use any kind of flotation (not propulsion) if desired on the swim. Big Wheels and training wheels are allowed so watch your ankles.

There will be music, games, auction items, and vendors going on during the event so there will be plenty to do between heats.

All finishers will receive a medal and a t-shirt. All entries and \$40 (checks made out to Mason Swim & Dive) need to be **dropped in the athletic office at Mason High School or mailed Mason High School Triathlon c/o Connie Cantrell, 1001 S. Barnes Street, Mason MI 48854** by June 1st in order to receive a shirt. Entries are still allowed after this time, but racers are not guaranteed a shirt.

All kids at the event will have the opportunity to sign up for a Dollars & Sense account. It is a financial literacy program designed to teach children the importance of developing good financial values. It's a great way to develop deeper relationships within your households and to start children on a path to better savings and spending habits. It all starts with the opening of a Dollars and Sense Savings Account.

Here's what's in it for the children of your households:

- Fun financial facts, stories and quizzes in grade appropriate formats!
- \$20.00** is deposited into the child's Dollars and Sense Savings Account!
Kids don't have to keep the account forever and there are no hidden requirements or loop holes.
- They will also receive a yearly email reminders to take the next grade's lesson and quiz... and in turn, receive **another \$20.00** deposit in their Dollars and Sense Savings Account. This is better than any interest rate going! It's a savings education😊
