August 19, 2020

Dear Mason Middle School Parents/Guardians and Community Members:

Welcome to the 2020-2021 school year! To say that the past six months has been challenging is an understatement. However, as we have stated a myriad of times throughout our response to the COVID-19 pandemic, our school is not about the building... it is the people. Mason Middle School has remarkable students, creative faculty members, dedicated support staff, and supportive families. We would not trade our people and community with anyone! During these unprecedented times, we will continue to demonstrate the compassion, resiliency, and togetherness that is a cornerstone of what makes Mason a special place.

Remote learning begins on Wednesday, August 26, 2020 with a half day of learning. Please click [here](#) to access a visual of what a typical student schedule will look like while we are remote learning. Students and families may also access their student schedules using Skyward Family Access. If you do not have a Skyward Family Access account, please contact our Skyward System Analyst, Shannon Kesler at (517) 676-2484 or via email at keslers@masonk12.net.

In the coming days, there will be more information coming from the school regarding learning materials distribution events, our Virtual Open House, and detailed information from the teachers regarding where the students should go for access on the first day. Please continue to monitor and read the Skyward Alert emails that come from Mason Public Schools, Mason Middle School, or our teaching faculty.

We look forward to partnering with each of you in providing robust learning opportunities for your children. Thanks in advance for supporting the hard work and dedication demonstrated by our teachers, support staff, custodians, bus drivers, and food service personnel. Please do not hesitate to reach out to your child's teachers via email or call the offices if you have any questions. As always, we are committed to making sure that Mason Middle School delivers an exemplary learning experience for each of our students!

Sincerely,

Ted Berryhill
Principal
