

# Setting up your student account on Khan Academy (for students under 13)

**Note:** This is a guide for students under age 13 to activate district-rostered Khan Academy accounts.

## Step 1: Go to Clever and select Khan Academy

Log into Clever as you normally would, with your school district username and password. Or get help logging into Clever [here](#).

Select the Khan Academy tile, located under "More Apps" in your Clever Portal (you may have to scroll down to find it).

If you activated a district-rostered Khan Academy account last school year, after you click on the tile, you will be brought directly to your homepage.

## Step 2: Either create a new account or link an existing Khan Academy account.

If you're **new to Khan Academy**, clicking "Create a new account," will set up a district-rostered account for you immediately, and you will be taken to your learner dashboard.

**Hi Sara!**  
**Let's set up your Khan Academy account.**

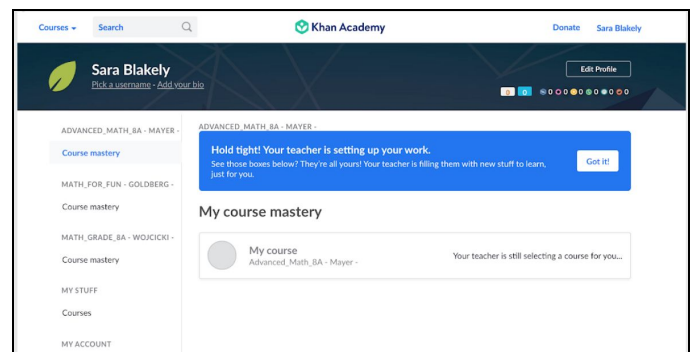

Already have an account for sarablakely@district.edu? Use that account.

Create a new account

Use my existing school account

Your school account should be sarablakely@district.edu

[Not Sara Blakely?](#)

Select **"Use my existing school account"** if you have a Khan Academy school account.

If you typically use Google Single Sign-on, select “Continue with Google,” or you can enter your school email or username and password.

If you select “Continue with Google,” you will be asked to confirm which account you want to use. Make sure that you select your school email account.

On successful log-in, we will link your existing school account information.

## Okay, let's log in.

 Continue with Google

or

Your email or username

Enter your password

By logging into Khan Academy, you agree to our [Terms of use](#) and [Privacy Policy](#).

[Back](#)

Login

Continue with Google

 Sign in with Google

Choose an account

to continue to [khanacademy.org](#)

 Sara Blakely  
sarablakely@district.edu

 Use another account

To continue, Google will share your name, email address, language preference, and profile picture with [khanacademy.org](#).

### Step 3: View your dashboard and get started

Once you are logged-in, you will see your class(es) and courses listed on the left-hand side of your dashboard.

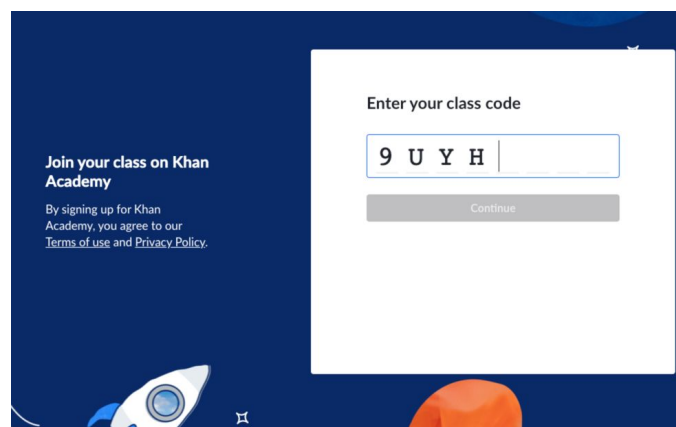

### Alternative way to join: Use a class code!

Your teacher may ask you to join Khan Academy by entering a class code. If so, you just go to:

[khanacademy.org/join](https://khanacademy.org/join)

and enter the code your teacher provided (it will be 8 characters long). Once you enter the code, the rest of the steps are similar to the above instructions.
